

FISH FARMING VACANCY (with onsite accommodation provided)

14th November 2017

A vacancy has arisen for a full time Site Manager at Selcoth Fisheries Ltd.

We are an independent rainbow trout farm with a hatchery and two fingerling sites. The farm is in the Moffat Water valley and is a modern, professional and dynamic small family business.

You would be responsible for a range of activities including;

- Fish husbandry & daily routines
- Fish grading, transporting and dispatching
- Alarm call-outs and emergency procedures
- Site management, equipment maintenance & improvements.

You would be working alongside a team of three full-time and three part-time fish farm employees and would be expected to be personable and communicative with a strong sense of reliability, self-motivation and self-organisation. We are also very interested in candidates with practical and mechanical experience.

The following skill sets are required / desired:

Essential	Desired
Full driving licence	Fork Lift Truck Ticket
Previous farming experience	Previous fish farming experience
Practical mechanical skills	Previous experience in vehicle and equipment maintenance
Good organisational skills	Proven experience in task and job organisation
Strong communication skills both written and verbal	Previous management experience

We are offering a competitive package according to experience with the additional benefits of an attractive fully detached two-bedroom cottage, council tax, pension and discretionary company bonus all included. We welcome employee's families and there are already young children living on and around the farm.

If you are interested in the role please send an email to shararoutledge@selcothfisheries.com with your CV including detailed descriptions of your relevant experience and the type of work that you are looking for.
